**Subject:** Message Where You Least Expect It

Most of you know I walk at the Wachusett Reservoir most days that I can. Today, my husband Rick and I saw an osprey, beaver, loons, and Canada geese to name a few. Awesome!

But I saw something rare this morning. A kind person left a message in the ground to all who passed.

You may never know how a smile or a message on a rock will change a person's mood or outlook.

Keep smiling.

Stay well!

Janet
