**Subject:** Grandson Lucas First Birthday via Zoom on Easter Sunday

My grandson Lucas turned 1 on Easter. My daughter Amy was expecting to have a big party with lots of people attending. Well, that didn't work out but...

Thank goodness for technology and smart phones! We had Lucas' very important birthday party, enjoying it from our own homes. Amy and Josh made a cake for Lucas and we enjoyed watching him eat it. He liked the cake, but the frosting was too sweet for him. He made quite the face when he took a big bite of frosting!!! That may change as he gets older since many of us like the frosting better than the cake!!!

I hope you all had a wonderful Easter and long weekend.

Stay safe and healthy!

I miss seeing all of you!

Janet
